| Drums                 | Mark de Haas        | Kick          | 1                  | 1 x mic   |
|                       |                     | Snare         | 2                  | 2 x mic (top & Bottom)                                  |
|                       |                     | Hi-hat        | 1                  | 1 x mic   |
|                       |                     | Toms          | 1                  | 1 x mic   |
|                       |                     | Floor Toms    | 2                  | 2 x mic   |
|                       |                     | Overhead      | 2                  | 2 x mic   |
|                       |                     | Backing Vocal | 1                  | 1 x mic   |
| Keyboards             | Michel Keijzers     | Keyboards     | 2                  | 2 x XLR (DI Box) if in-ear, otherwise 2 x Jack (stereo) |

**Total: 14 mics, 7 instruments, mixer with 24 channels**

## Monitoring

| Role             | Name                | Needed Monitoring                      |
|------------------|---------------------|--|
| Vocals           | Andrea van Koolwijk | Monitor or support for in ear monitor* |
| Vocals           | Eefke van Geffen    | Monitor or Support for in ear monitor* |
| Vocals/Guitarist | Jan van der Wielen  | Monitor or support for in ear monitor* |
| Vocals/Guitarist | Frank van Heck      | Monitor or support for in ear monitor* |
| Bass Guitarist   | Bart Lamers         | Monitor or support for in ear monitor* |
| Drums            | Mark de Haas        | Monitor or support for in ear monitor* |
| Keyboards        | Michel Keijzers     | Support for in ear monitor*            |

**\*In ear monitor system preferred (7 different groups, band will deliver in-ear monitor plugs/headphones, PA company will deliver 7 receivers including all needed connections to mixing console). Otherwise a monitor system with at least 6 groups is needed (including monitors, except for keyboards)).**

**Contact the band about which system will be used (in-ear monitoring or non-in-ear monitoring).**
